## SPECIAL OFFER

TO ANY organization, properly designated buyer, or to any member of a school fraternity, whose letter is endorsed by the head master, principal, dean or other responsible head of the faculty, we will send for examination and comparison as to quality, any ring, pin, emblem, or pennant, illustrated in this catalogue, whether it is made of silver, gold or any other material.

If you have any particular design in mind you want made up, we will make a sketch of same from description supplied by you, in any material you desire and submit it with an estimate of cost.

We make the above liberal proposition because we know that we manufacture the best grade of merchandise of this character obtainable, at the very lowest prices—and comparison proves this statement.

If your School or Organization already has a certain standard shaped ring, pin, or anything else in use, give us an opportunity to figure on any quantity you need, by sending us your sample.

## THERE IS A DIFFERENCE

WHEN you buy from a Jobber or Agent who represents himself as manufacturer, you pay not alone his profit; for he does not manufacture the products he sells. The prices he quotes you must necessarily include (1) Basic cost of manufacture, (2) Manufacturer's profit, (3) Salesmen's traveling expenses, (4) Salesmen's salary and commission, (5) Profit of jobber.

The Eagle Regalia Company, on the other hand has always done its own manufacturing. Our only salesman is this catalogue, in which we offer you the highest grade of merchandise at prices that will save you at least from 15 to 20 per cent. In other words, you pay merely the cost of manufacture and the very small profit we make. No added charges. No commissions and traveling expenses.

We have initiated the practice of selling all our products by mail. Unlike other houses that manufacture their merchandise, we have no salesmen on our payroll. This saving we pass on to you.

We have served educational institutions, societies, etc., for the past twenty years. That we are still here to serve you—and growing—is our recommendation, and your guarantee. Skillful workmanship and years of honest service are reaping their rewards.

We guarantee our goods unconditionally—no "ifs," "buts" and "ands." No alibis. Delivery is always made when promised. The goods are exactly as represented. (See our guarantee on page 8.)

The Opportunity has been presented. It's up to you!

## TWENTY YEARS

THIS catalogue marks our 20th year in business. As we look back on the years gone by we feel a deep sense of gratitude to all who have helped us build to our present point. We only wish we had had the opportunity to know our customers better.

Somehow a business of this sort links one closely to the groups who buy one's goods. There is sentiment in rings and pins. There are thrills in engraving a name on a trophy. Always as we work with our tools, and our metals, we like to think that some person is to be made happy by what we are doing.

We have taken the beauty of the spirit which prompts schoolmates and fraternal members to want to wear some permanent reminder of their friendship and common endeavor as the inspiration for us to work harder and do bigger and better things.

### OUR UNCONDITIONAL GUARANTEE !

1. We guarantee all articles to be exactly as represented. Articles made up to special order are guaranteed to conform to customer's specifications. In cases where unavoidable errors occur, errors will be corrected to your entire satisfaction, or *your money will be immediately returned.*
2. We guarantee all findings (joints, catches, etc.) of our solid gold pins to be of solid gold. Therefore if you buy a pin from us it is solid gold throughout.
3. We guarantee the completion of orders on time, when promised. As the school term is short, we earnestly recommend that you *get your orders in early.* To save time, we suggest that wherever possible *order direct from this catalogue.* You can be certain when you buy from this catalogue that merchandise will be exactly as represented. All pictures herein have been faithfully reproduced direct from samples.

## EASY TO ORDER

On page 3 of this catalogue, we have placed the order blank. It is perforated so that you can easily detach and send to us. Fill out order blank with great care. Be very definite as to quantity of goods, material they are to be made of, lettering to appear, etc., and the correct shipping address.

*Enclose with order one-third of the total amount of order figured from our catalogue price less the discount as stated on page 2.* The remainder of the bill is to be paid to postman (if sent via parcel post), or the expressman (if shipped via express). If goods are shipped express you have the right to examine contents of package before balance of payment is made.

If you remit entire amount with your order, the merchandise will be sent to you prepaid; that is, shipping charges will be paid by us.

*All jewelry illustrated in this catalogue is made in strict conformity with the National Stamping Laws.*

All prices in this catalogue are based on order for at least 12 pins or 10 rings. For orders less than 12 pins or 10 rings, an extra charge of from \$2.00 to \$5.00 will be made to cover partial cost of steel die.

The estimate blank on page 5 will enable us to give you a prompt quotation on anything you want. If it is not in the catalogue give us a written or graphic description of the design you wish. Be sure to state quantity required.

*A trial order will prove to you beyond doubt the economy and satisfaction of dealing with us.*

## LETTER PINS AND SCHOOL PINS FOR DAILY USE

(As illustrated on pages 13 and 14)

The daily use of school pins is a powerful influence for raising school morale. Boys and girls who wear school pins take a special pride in being members of their school. The school pin imparts to students a sense of fellowship towards each other. It binds all students into a unified group, and links them close to their school. Our school pins, of fine gilders metal, hard enameled and gold plated are suitable for wear by teachers too.

Many teachers find in wearing school pins that a fine spirit is engendered between themselves and their students.

Exquisitely enameled in school colors our school pins are easily recognizable and groups from various schools can quickly be identified.

In short order we expect to see his own school pin on every American Student.

Because of the extremely low prices we are quoting they can be made in quantities only—at the following prices:

Enamel enriches the effect of a ring, giving attractive colorful appearance. We use only highest quality imported hard enamel. Will not chip or crack. The superb finish of our rich colored enamels plus the substantial weight of gold in these rings make them very cheap at their quoted price. For prices see page 26

# THE "LIFETIME" MEMORY BOOK

(As illustrated on page 56)

Every student should have a memory book. It will not only be useful during school years, but will also have a sentimental value in the years to come. In other words you can put the memory book to many practical uses and still preserve the memorable events of your high school or college days. We have endeavored by putting our "Lifetime" memory book on the market to embody such features that will make it truly the very finest memory book obtainable.

The book is bound in a loose leaf manner in a guaranteed genuine leather flexible cover, cut from carefully selected skins, rich in appearance and durable beyond imagination. In the center of the cover the initials or the full name of your school is embossed with guaranteed genuine gold leaf, that will never tarnish. If so desired, motto of the school or class can be added.

The size of the leather cover is 10 x 12 inches. The inside pages measure 9½ x 11½ inches. There are 66 pages made of choice bluish grey paper bound in the leather cover with genuine silk cord (in your school or college colors). You can remove any page and add as many more pages as you desire from time to time as needed.

We have made the cost of our "Lifetime" memory books as low as possible considering the quality of the material and the necessary labor in making them as attractive as they are. Prices are as follows:

When cover is printed (in any style illustrated) with initials or the full name of school or college:

**On order for at least 6 books of a kind . . \$2.50 each**

**On order for at least 3 books of a kind . . 3.00 each**

For printing school motto, 25c per book additional.

For printing individual name, 50c per book additional.

When special school seal or coat-of-arms is desired on covers, ask for special estimate.

Lifetime memory books are made of extra heavy genuine "Ecrasette" leather imported from England, which can be had in brown, maroon, green or blue colors. Beside their lasting qualities, their extremely rich appearance makes them beyond doubt the most beautiful memory books on the market.
